DRINK AT SEVEN DIALS MARKET

INDEPENDENT SPIRIT

Beginning, middle or end – your **Seven Dials Market event** needs a little extra fuel. All our bars serve up craft beer from Gipsy Hill Brewing Co., wine, cocktails made with East London Liquor Co and soft drinks from Square Root.

For your event we can set up your own private bar in the Market Bookshop or Bar Nana. You can use your minimum bar spend to pre order a selection of our finest drinks for the day of the event or directly order from your private bar. Both bars have a fully stocked selection of drinks and your own dedicated bartender will be able to mix you up spirits and mixers, a full-range of cocktails and of course all of our core range of wines, beers and ciders are available too.

HOW WE DO THINGS HERE AT SEVEN DIALS MARKET

Why not try our food and drinks vouchers where **your guests are free to roam to get their own food and drinks** whilst enjoying the market atmosphere. This takes the stress out of dietary requirements and pre-orders so you can all focus on having a great time.

Alternatively, you can make us do all the work where you can choose a pre-selection from our small bites or feasting menus and we will bring everything to you in the Market Bookshop. We can also set up your own bar, with your own bartender for a great party.
